Alpine Shredders has over 100 years experience in the Transportation Equipment Business and over 50 years combined experience in Shredding Systems Engineering. And it is built into every Alpine Shred Truck we make...standard.

We have engineered Mobile Shredding Equipment that is simple to maintain with fewer moving parts than competitive equipment. The end result is a shred truck that requires virtually no maintenance and is **ENGINEERED TO LAST**.

ALPINE PRO SERIES EVOLUTION

Combining big truck engineering and our success with compact Trucks, we created a traditional cab shred truck that gives you a choice when considering any size shred truck. The Pro Series EVOLUTION shreds big but has a more compact footprint than our full sized trucks.

Pro Series Evolution features include:

- International 4300 DuraStar Chassis
- Alpine 720 Shredder
- Alpine Fast Offload System
- Front and Rear LED Strobe Lights
- Exceptional Throughput
- Incredible Value
- No CDL Required (in most States)

⁽¹⁾ GVWR based on axle ratings

⁽²⁾ Payload based on empty factory weights

⁽³⁾ Throughput varies with material
