Alpine Shredders has over 100 years experience in the Transportation Equipment Business and over 50 years combined experience in Shredding Systems Engineering. And it is built into every Alpine Shred Truck we make...standard.

We have engineered Mobile Shredding Equipment that is simple to maintain with fewer moving parts than competitive equipment. The end result is a shred truck that requires virtually no maintenance and is **ENGINEERED TO LAST**.

ALPINE V SERIES V33

The V Series from Alpine integrates industry standard features into an engineered system that exceeds competitive build quality and offers excellent value and performance. All of this in a competitively priced package.

V Series V33 features include:

- International DuraStar Chassis
- Alpine 512 Shredder Solid Cutter System
- Active Rotary Feed Hopper
- Industry Standard Off Load
- Hand Crafted FRP Body
- Exceptional Payload
- Exceptional Performance
- Uncomparable Value

⁽¹⁾ GVWR based on axle ratings

⁽²⁾ Payload based on empty factory weights

⁽³⁾ Throughput varies with material
